Characteristics

- Recycled / Environmentally Friendly
- Seamless & Accessible
- Porous & Slip Resistant
- Freeze / Thaw Resistant
- Customizable Designs
- Clean / Non-Toxic

NT Sports Group Safety Surface (NFSS) is comprised of the highest quality EPDM or TPV rubber granules blended with a polyurethane binder. NT Sports Group is poured-in-place and professionally installed on site as a 2-layer system for playgrounds. The bottom impact absorbing layer is made of clean, recycled rubber buffing. The top decorative wear layer consists of high-quality EPDM or TPV rubber granules. The wear layer is available in a wide variety of color blends and provides the option to create fun theme shaped designs.

Utilizing our exclusive hand troweling and screed rod method, NT Sports Group Surface Playground System is engineered on site by certified installation crew.

The complete NT Sports Group Surface System is designed to provide a resilient, porous, and seamless playground safety surface. It is the absolute best playground safety surface available for fall protection and ADA accessibility.

Safety Surface Water Play

Characteristics

- Seamless, porous and easily maintained
- Slip Resistant
- Installed indoor and outdoor
- Clean / Non-Toxic
- Customizable Designs
- UV Stable
- Proven Durability
- Professional installation

NT Sports Group Safety Surface for Water Play is manufactured on site. The blending of multiple color combinations to create custom inlaid graphic designs and patterns makes it the perfect play surface for pool decks, splash pads, and themed environments.

NT Sports Group Safety Surface for Water Play is designed for barefoot play in wet areas. This system consists of the highest quality EPDM or TPV rubber granules integrated with a polyurethane binder and professionally installed at 3/8" (minimum) total depth over a concrete sub-base.

Safety Surface *Bonded Rubber Mulch*

Characteristics

- Porous / Drains Well
- 100% Recycled
- Seamless & Natural Appearance
- Low maintenance cost
- Installs Over Levelled Earth
- Non-toxic
- ADA approved
- Fade-resistant

Commercial & Residential Applications

- Playgrounds
- Decorative Theme Environments
- Jogging Paths/ Walking Trails
- Landscapes and Tree Wells
- Courtyard & Decking
- Commercial & Residential

NT Sports Group Bonded Rubber Mulch (poured-in-place) utilizes clean, 100% recycled shredded rubber mulch combined with a single component polyurethane binder to achieve a unique, attractive, and natural look for outdoor activity areas. Always ready for use, the extremely porous bonded mulch allows water to rapidly flow through the surface.

Applied at various depths, NTS Sports Group Bonded Rubber Mulch provides an impact absorbing, seamless, and accessible safety surface that requires little to no maintenance.
